TWO pairs of twins were among 805 students who enrolled in Universiti Tun Hussein Onn Malaysia's (UTHM) 2010/2011 academic session.

The four 20-year-olds attracted the attention of their fellow students and their parents who accompanied them for registration.

Mohd Fadhil and Mohd Fadzli Yasin, from Kuala Terengganu, have diplomas from Politeknik Dungun.

Mohd Zamri and Mohd Zazli Ponrahono, are former students of the Shah Alam and Port Dickson Polytechnics.

The young men are studying Civil Engineering.

They said they were grateful for the

opportunity to study at UTHM and would work hard to succeed and make their families proud.

UTHM vice-chancellor Prof Datuk Dr Mohd Noh Dalimin said seven international students had registered for the Masters degree programme in Mechanical and Manufacturing Engineering.

"We have received students from Thailand, Libya and Somalia.

"About 91 students have registered under the new offshore programme.

"They will report to the Electrical and Electronic Engineering Faculty, Mechanical and Manufacturing Engineering Faculty and Technical Education Faculty," he said.
