

Prizes for ideas on voluntary activities

BATU PAHAT: Students of institutions of higher learning (IPT) are invited to participate in a contest to propose beneficial voluntary programmes.

Winners will get various prizes and an opportunity to get up close and personal with Prime Minister Datuk Seri Najib Razak.

Higher Education Minister Datuk Seri Mohamed Khaled Nordin said the contest, known as "My UniRawks", was organised by the ministry with the aim of unearthing creative ideas on voluntary programmes and activities that would benefit IPT students and society.

"We don't want voluntary programmes to be associated only with

gotong-royong activities. We also want to see other activities that will benefit the society as well as IPT students."
